For our Catholic community of Mount St. Joseph High School, travelling over the Easter holiday with Studio Arcobaleno, from Rome to Assisi to Venice to Padua, was the experience of a lifetime and of our Catholic faith.

From Easter mass at the Vatican with Pope Francis, to mass on Easter Monday in a chapel of Saint Peter's, to ending our trip with mass among the welcoming community of Venice, our faith was strengthened by the experiences of natural beauty at the Marmore waterfalls, to the ever-present spirituality of Saint Francis and Saint Clare in Assisi and Saint Anthony in Padua, not to mention the wonderful opportunity for our youth to fraternize with high-school students in Venice and establish enduring friendships, and where we received the warmest welcome.

I highly recommend an organized and personalized trip with the on-site Italian expertise of Studio Arcobaleno to every catholic American community, be it middle school, high school, university program, language-study program, parish community or Italian-American organization. An active and strengthened practice of your Catholic faith awaits you amid the marvels of the Italian landscape, history, and culture!
